\$7.00

LOBBY

Adams & Co. Real Estate has promoted **Kenneth Walsh Jr.** to director of operations. Mr. Walsh will be responsible for all operations of the company's 5.5-million-square-foot management portfolio. He will be taking over the position from his father, **Kenneth Walsh Sr.**

The elder Mr. Walsh will now oversee all construction properties in the portfolio.

"The Walsh family has been a part of Adams & Co. for generations, and we are pleased to have such skillful real estate professionals on our team," said **David Levy**, a principal of Adams & Co. "Kenneth Jr. is the perfect candidate to take over his father's position providing hands-on management of building operations and ensuring the upmost in quality for our property management portfolio."

The men come from a long line of real estate professionals: the younger Mr. Walsh is a third-generation real estate scion.
